We are authorized to announce G. W. COPPINGER as candidate for reelection as sheriff of Marion County, subject to the will of the Republican party in primary March 6, 1920.

G. W. COPPINGER FOR SHERIFF

G. W. Coppinger, the genial "Wash", was here yesterday afternoon, interviewing voters in the interest of his candidacy for re-election. He has lots of friends who are anxious to see him put back into office as sheriff of Marion, as he has made an official who has been very careful in his consideration of others. Wash is a good-hearted man in every way and has been trying his utmost to treat people right. Probably he would have escaped a load of shot in the shoulder if he had adopted a more over-bearing policy, something on the knock-down and drag-out principle. So, now he is before the people for re-election, before the republican voters in Primary March 6, to give him their consideration, and if they think he is worthy, vote for him.

He expects to come back to Sequachee and see every voter personally. He announces in this issue of the News.

BIG CONFERENCE AT NASHVILLE

For Purpose of Promoting Christian Citizenship—March 7-12 Date

COVERS THE ENTIRE SOUTH

Committee Named Includes Educators, Preachers, Business and Professional Men

PROMINENCE OF SPEAKERS

Nashville, Tenn. (Special.)—Believing that the relief from the present troubles of the world is to be found in the principles and teachings of Jesus Christ and in order to focus the attention of the people of this section of the South upon these great Christian ideals, a large body of churchmen and Christian laymen have called the Southern Christian Citizenship Conference to meet in Nashville during the week of March 7-12.

The conference is to be held under the auspices of the National Reform Association which successfully conducted the third world's Christian Citizenship conference during armistice week at Pittsburgh. This was the most significant and far-reaching gathering of world authorities from all walks of life ever held, and it is the plan of the committee in charge of the Southern conference to make this take similar form. Accordingly, a program, comprehensive in its themes and to be filled by the biggest men in the entire nation in their respective lines of endeavor, has been drawn and the list of speakers, though not yet completed, promises to surpass that arranged for any gathering of any sort ever held in the South.

Lawyers, doctors, business men, preachers and laymen of prominence will talk upon subjects upon which they are authorities and which deal with the problems of today as affecting world events and world life. Upmost in all these will be the ideals and teachings enunciated by and exemplified in the life of the Great Master, Christ Jesus, Christian thought—the fundamentals of a stable civilization—will be pointed out as the only lasting remedy for the ills of the world. Coming at this time of unrest and world turmoil, the conference is expected to play an important part in directing the thought of the people of the South and of the entire country to the great events of world import, the success and lasting benefit of which depend upon an enlightened Christian citizenship.

The conference is not a revival in the ordinary sense of a church revival, but it is expected to prove a revival of all things of a Christian nature that tend to solve the problems that now confront a war-torn and "Red-ridden" world.

The great work of the National Reform Association is already too well known to need explanation. Its latest activity in sending its general superintendent to Paris to attend the sessions of the peace conference to secure Christian features in the great pact had a world-wide effect for good.

Among those who have already been named on the committee in charge of the conference are Gov. A. H. Roberts, William Gupton, Mayor of Nashville; the Revs. James I. Vance, E. C. Dargatz, T. C. Ragsdale, J. Allison Molloy, Allen Fort, Prentice A. Pugh, W. L. Caldwell, George H. Mack, Thomas Carter, Marion N. Waltrip, George Stoves, J. A. Wood, David H. Scanlon, Dayton A. Dobbs, Carey E. Morgan, James E. Clarke and Chancellor J. H. Kirkland, Dr. Bruce R. Payne and Dr. J. D. Blanton. The most prominent business and professional men in the city will be named on this committee.

All meetings of the conference will be held at the Ryman auditorium with morning, afternoon and night sessions, except one night session, when there will be gatherings in the respective churches throughout the city.

DR. JAMES I. VANCE

Popular pastor of the First Presbyterian Church, Nashville, who is chairman of the program committee of the Southern Christian Citizenship Conference, which meets at Nashville, March 7-12.

WATERWAY A FACT UNDER GOV. LOWDEN

Illinois Executive Carries Project to Success After Others Fail.

LINKS LAKES TO MISSISSIPPI

Improvement of Vast Importance to Mississippi Valley and Northwest—All Bars to Actual Construction Removed.

One of the outstanding achievements of Gov. Frank O. Lowden's administration in Illinois was the putting through of the Illinois waterways project which will cost \$20,000,000 and provide water connection between the Great Lakes and the Mississippi river. The project has been under discussion for more than 20 years, and several state administrations have struggled in vain with this important problem. It remained for Governor Lowden to carry the great improvement through to success.

The last bar to the project was removed January 16 with the issuance of a permit by the secretary of war authorizing the state to proceed at once with the improvement. The beginning of actual construction work is now but a matter of a short time, and completion of the water link at last becomes a visible goal. Tremendous benefits will be realized by all classes of business interests in the Mississippi valley as the result of the opening of the water route.

"The waterway will be of immense value to farmers of the great producing region of the entire Mississippi valley and the Northwest," Governor Lowden said. "The Illinois project will be in accord with the improvement of the Mississippi, Ohio and Missouri rivers by the federal government for navigation. Locks will be 600 feet long, 110 feet wide, accommodating fleets of barges carrying 6,500 to 8,000 tons of freight, the equivalent of six to eight average train loads.

"Before the war and the increase of rail freight rates a ton of freight was carried as cheaply as fifty miles by water as cheaply as fifty miles by rail. This is a fair indication of the benefit to be afforded the public by the work when it is completed. Its value is now enhanced by the government requirement of interchange of freight by railroad at suitable water terminal points throughout the country."

The waterway will follow the drainage canal from Chicago to Lockport from which the connection will be made with the Illinois river at Utica by a large canal eight feet deep, which may later be deepened to 14 feet, as conditions require. In addition to the great advantages to commerce, water power valued at approximately \$1,000,000 a year will be developed which will effect a saving of approximately 500,000 tons of coal annually.

The surveys and engineering work for the improvement have been under the direction of M. G. Barnes who, during the Roosevelt administration, designed for the government the structure of the Panama canal. Construction work will be supervised by Frank I. Bennett, director of the department of public works and buildings, and William L. Sackett, superintendent of the division of waterways. These officers state that much of the preliminary work has already been accomplished. Funds for carrying on the construction were provided through the action of the last legislature authorizing the issuance of \$20,000,000 bonds which have been affirmed by a vote of the people.

HOBBY FOR SAVING MARKS LOWDEN RULE

PEOPLE BENEFIT BY BUSINESS ADMINISTRATION OF ILLINOIS EXECUTIVE.

Gov. Frank O. Lowden of Illinois has one hobby in the administration of public affairs. That is strict economy in the expenditure of the people's money. He has given Illinois a business man's administration.

By efficient management he was able to reduce the tax rate in Illinois 33 per cent in two years, thus saving \$1,000,000 annually to the tax payers. Illinois was the only state in the Union to reduce its tax rate during the war. In many states taxes were increased.

While most public executives were talking about it, Governor Lowden actually planned and put into effect a comprehensive reconstruction program for Illinois a year before the armistice was signed. Governor Lowden has demonstrated in Illinois that good government is a profitable investment for the people. In discussing government the governor said:

"Our public business is the most important of all our business. We too often say that our private affairs will not permit us to interest ourselves in public affairs. We seem to forget that if government were suspended for a single day our private affairs would be of no moment—that ruin would rule all about us. But government is not automatic. Perpetual motion is an idle dream in government as in mechanics."

Tracy City

Special to the News.

"Blue Eyes," I was pleased with your letter because you mentioned the names of some nice, genteel people I know. I would like for you and your young friends to meet Bro. Ferrell Tate, Bro. N. B. Brown and Bro. Elihu Fults the first Sunday in March at the Battle Creek Academy. Provided the weather will admit the above brothers have agreed to hold religious services on Saturday night before the first Sunday at Pineset, and on Sunday at the Academy. No cleverer people live anywhere than on Battle Creek, and as such I feel that I do no violence to them in inviting everybody to come at the appointed time and place.

The "flu" is still raging, but in a mild form. The "Big Brothers" of Tracy City, are doing a good work among the destitute and needy. It is quite an addition to our many benevolent institutions.

The Nazarine people are trying to buy the Cumberland Presbyterian church in Tracy City. Well, I have no objections. I am for anything that will spiritually help the people.

Why, yes, this mountain top has some really pretty girls and I further say they might marry if they had a chance that suited them. Tennessee is filled up with pretty women, but they are awfully behind with their electioneering. They can vote, but not one has announced themselves as a candidate for matrimony. The thing has changed. Ladies, you must get a move on yourselves as a candidate. Do not think the men will do all the courting from now on.

Tracy City is so quiet and orderly that we almost forget when Sunday comes, and if it wasn't for the work trains I guess we would conclude every day was Sunday.

I hope our mountain people will continue to observe decency and good order. As the News says, we can arrest the whiskey dealer, etc., but it is hard to get rid of a disrupting political party.

Our Sunday schools are in a prosperous condition and everything else is doing very well.

The report was Monday morning.

ing that a whole family on Shadrick Hill were down with the "flu." It is visiting where it missed a year ago. Well, the best remedy is to keep yourself as comfortable as possible.

Remember the services at the Academy. Love and respect to all, Uncle Tom.

"ZIRON IS A GOOD MEDICINE"

Says Rock City, Ala. Gentleman, After Having Given It Consistent Trial.

Ziron is a new scientific combination of pure, inorganic, official, U. S. Pharmacopoeia iron, with the hypophosphites of lime and soda and other valuable tonic ingredients, recommended by the best medical authorities in the treatment of anemic conditions.

Ziron helps to put iron into your blood and this helps to build strength for you, when you are pale, weak, nervous, depressed.

Read what Mr. Sidney Fry, of Rock City, Ala., says, and then try Ziron. He makes the following statement:

"Something over a week ago I used Ziron for the first time. I was troubled with indigestion and had a spell of weakness. Ziron helped both troubles. I felt stronger and my stomach quit hurting. I really feel that Ziron is a good medicine. It surely helped me."

Your druggist will sell you Ziron on a guarantee that if the first bottle does not benefit you, he will refund the money you paid him.
